To be or not to be an entrepreneur, that is the questions that this book solves. I collected together 101 question to help clear our some misconceptions that people may have when it comes to being an entrepreneur. These questions and answers are based on my experiences and in the attempt to persuade more people to become an entrepreneur. To build a better life for themselves and to do what they love- not living a life begrudgingly and with regret, but to live your life to the fullest. One of the regrets of the people on their deathbeds is that they did not take more challenged, expanded their comfort zones and nor did they travel as much. So, I want to help you and enlighten you with what it takes to be an entrepreneur. Often people want to become an entrepreneur, but they don t always know how to become one, so I decided to write this book about how people can become entrepreneurs. Because there is an entrepreneurial revolution happening and the world is changing. Questions and topics that are covered in this book helps you achieve the entrepreneurial mindset.
