

Don t Look at Me That Way, Please (Paperback)

Filesize: 2.78 MB

Reviews

*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).
(Lexie Paucek PhD)*

DON T LOOK AT ME THAT WAY, PLEASE (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The future is already here. No one can tell how far the digital technology would advance until you would not be able to identify what's real or not regarding the human race and the digital humanoids. The DNA will be extracted from the best potential providers to be cloned and observed by the Masters of the System of Things. Are you ready. Ready or not you can be inside someone's mind as a character even though you think you are real. When your DNA is out there is a tiny replica of who you are. Installing like a computer program your DNA in some digital body will produce an independent machine that has a potential to develop into a non-you /you. Understand? It was hard for Karl to understand that concept, especially when the subject with your DNA is not the same gender of the donor, and if you fall in Love, you are falling in Love with yourself, which there is nothing wrong about that, except if there is a tangible being with whom you can actually communicate and receive a similar answer to the one you would have said to the particular question. If there is a problem with that? Working for the latest technological creative enterprise is not that great specially when you are a tremendous access for ideas and creativity besides having a unique DNA which it is based on a whole new program which the company is investing a few billion dollars. You never know what is going to happen to you after they have used you. Part of the contract reads that you can not mention to anyone anything regarding about...
