This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Following publication of his encyclopedic classic, *Wild Flowers of the Pacific Northwest*, the late Lewis Clark broke his massive masterwork down into six compact and affordable field guides organized by habitat. Collectively, they sold over 200,000 copies. Thoroughly redesigned and updated under the direction of Clark's collaborator John Trelawny, this new edition revives one of the most popular guides in the series. *Wild Flowers of the Sea Coast* offers descriptions, diagrams and surprisingly large colour photos of almost 100 flowering plants of the coastal region stretching from northern California to southern Alaska. Combining scholarly rigour with a conversational prose style, this easy-to-use guide will appeal to experienced botanists and afternoon strollers alike.
