Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Address Delivered Before the Students of Yale University, on the 14th May, 1908: The Place of Camoens in Literature Let me say a short word for Portugal. Portugal is one of the Nations that play a leading part in History, that is, one of those which accomplish through their initiative some destiny of mankind. In a sense, all modern discoverers may be said to hail from the school of Sagres and to have had Prince Henry the Navigator for their patron. Not to speak of the earlier discoveries, like those of Madeira, the Azores, the Cabo Verde Islands, it was a Portuguese, Bartholomeu Dias, who converted the Cape of Storms into the Cape of Good Hope; another, Vasco da Gama, who first reached India; another, Pedro Alvares Cabral, who discovered Brazil, and to another, Magellan, belong the great honours of the circumnavigation of the Globe. Without the Portuguese discoveries you could not explain Columbus. The influence of the Portuguese navigators was certainly the greatest of all upon him; he must have learned sea-life under their teaching; he married the daughter of one of Prince Henry's captains; he lived for a time in Lisbon, and it was only by some yet unknown mystery that the honour of helping him to carry out his dream passed from King John II of Portugal to Ferdinand and Isabella. In 1580 however, such was then the force of the dynastic principle, Philip the Second of Spain succeeded to the throne of Portugal and the Nation disappeared. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses...
