The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

REVE LUCIDE ET PENSEE CHINOISE (PAPERBACK)

Univ Europeenne, United States, 2010. Paperback. Condition: New. Language: French . Brand New Book. Ce livre presente une methode onirotherapeutique globale qui vise a travers la reactivation du souvenir du reve et le reapprrentissage de l acte de rever a saisir dans le reve ce qui peut etre revelateur d une pathologie. La medecine chinoise a su preserver une partie du savoir concernant les signes pathologiques au sein des reves. Par ailleurs, le bouddhisme tibetain croyant au processus de liberation, attacherait une grande importance a l etat des reves, et se fixerait pour but dans la pratique du yoga de s affranchir des reves ordinaires, fruits de nos soucis, desirs et peurs. Pour cela, une des etapes majeures serait la prise de controle du reve en maintenant jusqu a l etat de reve la pleine conscience de l etat de veille. Or ce phenomene est etudie en Occident ou il est nomme lucidite onirique. Nous nous proposons donc d essayer de voir comment concilier l approche medicale du reve, la prise en compte de la valeur semeiologique du reve avec la maitrise du fait de rever, et de reconcilier ainsi conception psychologique occidentale, approche pathologique et energetique selon la MTC et visions spiritualistes, afin de nous liberer en reve, de nous guerir et de nous individuer.
