FABER FABER, United Kingdom, 2011. Paperback. Condition: New. Main. Language: English . Brand New Book. The Soviet Union was founded on a fairytale. It was built on 20th-century magic called the planned economy , which was going to gush forth an abundance of good things that the penny-pinching lands of capitalism could never match. And just for a little while, in the heady years of the late fifties, the magic seemed to be working.Red Plenty is about that moment in history, and how it came and went away; about the brief era when, under the rash leadership of Nikita Khrushchev, the Soviet Union looked forward to a future of rich communists and envious capitalists, when Moscow would out-glimmer Manhattan, every Lada would be better engineered than a Porsche and sputniks would lead the way to the stars. It s about the scientists who did their best to make the dream come true, to give the tyranny its happy ending.
