This ANTHOLOGY delves deep into what s really going on in the U.S. and around the world. And while each of the essays stand alone; collectively they combine to form a cohesive bond to the ongoing narrative that flows from the mind of TONY CARAVAN. Where his previous books contain semi-autobiographical adventures, this collection is critical thinking on societal issues with solutions. Many of the essays enter into areas, that for some, may be considered unspeakable or unimaginable. It is required reading for anyone who is awake in the 21st Century, and recommended for those who have no idea what is meant by that statement.
