Seventh Street Books, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. A troubled psychiatrist turns investigator when a young patient confesses to murder. Psychiatrist Mark Angelotti knows that genes don t lie. Or do they? Back at work after a devastating illness, Mark believes he has put his past behind him when he is asked to examine Charlie Dickerson, a mentally handicapped teenager whose wealthy mother insists he is a victim of sexual abuse. Mark diagnoses a different reason for Charlie s ills, but his prescription turns deadly when a teacher is murdered and Charlie confesses to the police. Volunteering to testify on Charlie s behalf, Mark s worst fears are realized when paternity tests show the victim was pregnant with Charlie s child. Now it s up to Mark to prove Charlie s innocence in a case where nothing is as first meets the eye. Not even genes--Mark s or Charlie s--can be trusted to shine a light on the truth.
